VEHICLE COMMAND INTERFACE	✓			
ONSTAR	✓			

NOTE: The functions may not be supported by the ECU because of the different models / years and equipment.

The adaptation functions lists for **ECM / Engine**

- Crankshaft Position Variation Learn
- Idle Learn Reset
- ISC System
- Reset ECM
- Fuel Trim Reset
- Reset Learned Values
- CO Adjust Value
- Engine Oil Life Reset
- HO2S Heater Learn
- DPF Regeneration
- EVAP Service Bay

Note: Not all functions are supported by the ECM / Engine controllers.

The adaptation functions lists for **TCM / Transmission**

- Transmission Adaptives Reset
- Transmission Oil Life Reset
- Preset Transmission Adapts

Note: Not all functions are supported by the AT / Transmission controllers.

The adaptation functions lists for **ABS**

- Yaw Rate Sensor Recalibration
- Automated Bleeding.

Note: Not all functions are supported by ABS controllers.

The adaptation functions lists for **EBCM / Electric Brake Control Module**

- Steering Wheel Angle Sensor Learn

Note: Not all functions are supported by EBCM / Electric Brake Control Module.

The adaptation functions lists for **SRS / Airbag**

- Setup New SDM
- Setup SDM Primary Key in BCM

Note: Not all functions are supported by the SRS / Airbag controllers.

The adaptation functions lists for **Immobilizer**

- Key Programming

Note: Not all functions are supported by the Immobilizer controllers.

The adaptation functions lists for **Remote Controller**

- Keyfob Programming

Note: Not all functions are supported by the remote controller.

The adaptation functions lists for **HVAC**

- Actuator Recalibration

Note: Not all functions are supported by the HVAC.
